Provider Profile

Information provided by the provider describing their agency:

I am a licensed psychologist with over 30 years of experience with the developmentally disabled. I began my career in 1978 as a psychologist at United Cerebral Palsy in NYC and then moved to Connecticut for a job with the Department of Mental Retardation. I worked 20 years for DMR and then worked 20 for the Department of Children and Families where I was a clinician, supervisor and manager. I have been in private practice since 1984 and have taught both psychology and special education for over 25 years. Over the years I have provided consultation to parents and a variety of programs that service the disabled. I have provided birth to three services and programmatic consultation to group homes, residential facilities, schools and vocational programs. I am a behaviorally oriented psychologist with expertise in the areas of behavioral assessment and functional analysis, program development and program evaluation. I also provide psycho diagnostic services and evaluation. I am available for all of the above services.
